Dave who organises our sailing calendar each season, was in a great hurry to reach Bradwell. Here he is helming on Vanadis from the Orwell to Bradwell. Reaching speeds over the ground of 8 and occasionally 9 knots. Upsetting all the other boats by whizzing by!

The autumn thoughts turn to laying boats up and One Bamboo and Sundance are already tucked up in the yard in Brightlingsea, with Sandpiper and Proteus soon to follow. Sandpiper WILL sail next season as her new mast is now ready for fitting.
